

MOMITSU Media Storage MS-R5

Features:

MS-R5 Network & Wireless Features

* 1000/100/10M Network & Wireless

802.11a/b/g network ready. With up to four SATA disks which is capable of sharing/streaming over a terabyte of data among Windows®, Mac, Linux, Unix, Web, and FTP clients. * R5 and V880N can work perfectly to deliver up scaling HD quality image though network without any PC. Direct Steaming pictures, music and video to V880N no PC required!

- * Compatible with Windows, Mac, UNIX and Linux systems
- * Built-in print server , Gigabit Ethernet
- * Capacity: TB / 1.6TB (65% available for RAID 5 users)

Specifications:

- * Model Name: Momitsu Media Storage MS-R5 (silver color)

Two model available:

1 TB(1000GB, 4x250GB HDD)

1.6 TB (1600GB, 4x400GB HDD)

- * FOUR 400GB SATA HDD, 1 million hours MTBF, enterprise-class, high duty cycle RAID disks
- * Support Momitsu Network Player Model: V880N
- * Network Terminals: 1000/100BASE-TX/10BASE-T Gigabit Network (RJ-45)x1
- * Static IP support
- * Online updates
- * Drive Bay: SATA Hard drive x 4 RAID Edition HDD, 1 million hours MTBF – meets enterprise-class reliability standards.
- * Accessories: Software CD, Power Cord, Instruction Manual
- * RAID Level: RAID 0 / 1 / 5
- * USB: 2x USB 2.0 ports, UPS monitoring
- * Support 5 languages
- * Wireless a / b / g Network ready:
Wireless Network a/b/g ready though optional wireless bridge

* Back Panel:

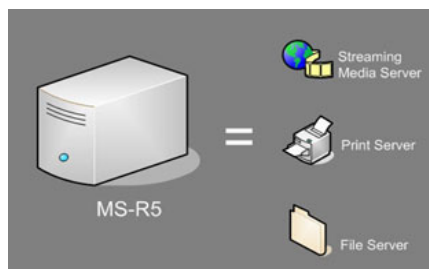

* Support Format via Ethernet:

- Video-on-demand supporting
 - MPEG 1 VCD format (1150Kbps CBR) (.mpg, .mpe, .mpeg, .dat, .m1v)
 - MPEG 2 up to 9Mbps (.mpg, .mpe, .mpeg, .m2v, .vob, .vro)
 - MPEG 4 (OpenDivX, XviD, RMP4) (.m4v, .avi, .divx, .xvid, .rmp4, .mov, .mp4)
